General matters

Details of incorporation

Kiwibank Limited (“**Kiwibank**”) is a company domiciled in New Zealand and was incorporated in New Zealand under the Companies Act 1993 on 4 May 2001. On 29 November 2001, Kiwibank was registered as a bank under the Reserve Bank of New Zealand Act 1989 and was required to comply with the conditions of registration as laid down by the Reserve Bank of New Zealand (“**RBNZ**”) from that date onwards.

This Disclosure Statement has been issued by Kiwibank for the three months ended 30 September 2013, in accordance with the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order (No 2) 2013 (the “**Order**”). Words and phrases defined by the Order have the same meanings when used in this Disclosure Statement.

In this Disclosure Statement, “**Banking Group**” means Kiwibank’s financial reporting group, which consists of Kiwibank, all of its wholly owned entities and all other entities consolidated for financial reporting purposes.

Address for service

The registered office and address for service is: Kiwibank Limited, New Zealand Post House, Level 12, 7 Waterloo Quay, Wellington 6011, New Zealand.

Ultimate holding company

The ultimate holding company of Kiwibank is New Zealand Post Limited (“**NZP**”) whose address for service is: New Zealand Post House, Level 12, 7 Waterloo Quay, Wellington 6011, New Zealand.

Voting securities and power to appoint directors

There are 360 million voting shares in Kiwibank. Kiwi Group Holdings Limited (“**KGHL**”) is the registered and beneficial holder of all voting shares. KGHL, NZP and the New Zealand Crown (being those ministers who hold shares in NZP on behalf of the New Zealand Crown) are the only holders of a direct or indirect qualifying interest in the voting shares of Kiwibank.

KGHL has the ability to directly appoint the Board of Directors of Kiwibank (the “**Board**”). NZP, as the immediate parent of KGHL and the ultimate holding company of Kiwibank, has the ability to indirectly appoint the Board. No appointment of any director, chief executive officer, or executive, who reports or is accountable directly to the chief executive officer, shall be made in respect of Kiwibank unless:

1. the RBNZ has been supplied with a copy of the curriculum vitae of the proposed appointee; and
2. the RBNZ has advised that it has no objection to that appointment.

Other material matters

The Board are of the opinion that, other than outlined below, there are no matters relating to the business or affairs of Kiwibank or the Banking Group, which would, if disclosed in this Disclosure Statement, materially affect the decision of a person to subscribe for debt securities of which Kiwibank or any member of the Banking Group is the issuer.

Kiwibank has determined that it is appropriate to modernise its core banking system over the next 3-5 years. Therefore, we anticipate a higher level of investment during this period which will be actively managed to minimise the risk of unplanned costs or operational risk from a significant change programme.

Pending proceedings or arbitration

The Board are of the opinion that, other than outlined below, there are no pending legal proceedings or arbitration concerning Kiwibank or any member of the Banking Group, whether in New Zealand or elsewhere, that may have a material adverse effect on Kiwibank or the Banking Group.

A group called Fair Play on Fees announced in June 2013 its intention to launch a representative action against New Zealand banks in relation to certain default fees, and proceedings were subsequently issued against one bank. In recent media statements, the group has announced that Kiwibank will be the next bank to have proceedings issued against it, although these have not yet been received. The nature and potential outcome of any proceedings cannot yet be determined.

Directorate

There have been no changes to the composition of the Kiwibank Board of Directors since 30 June 2013.

As at the date of signing of the Disclosure Statement, the directors of Kiwibank were:

Robert William Bentley Morrison	Hon. Sir Michael John Cullen
Alison Rosemary Gerry	Murray Ian David Gribben
Brian Joseph Roche	Catherine Maria Savage
David Stephen Willis	
Mark David Yeoman	
(as alternate director for Brian Joseph Roche)	

Credit ratings

On 12 November 2013, Standard & Poor's (Australia) Pty Limited ("S&P") affirmed Kiwibank's credit rating of A+ with a negative outlook. On 21 May 2013 they revised the outlook to negative from stable. On 30 October 2012, S&P granted Kiwibank a credit rating of A+, with a stable outlook, for long-term senior unsecured obligations payable in New Zealand, in New Zealand dollars. This credit rating is a one notch downgrade from Kiwibank's previous rating of AA-, which was granted on 29 November 2001 and reaffirmed on 31 January 2012 with the outlook revised to negative from stable.

On 12 November 2010, Moody's Investors Service granted Kiwibank a credit rating of Aa3 for long-term senior unsecured obligations payable in New Zealand in New Zealand dollars. There have been no changes made to this rating in the two years preceding 30 September 2013.

On 13 June 2012, Fitch Ratings granted Kiwibank a credit rating of AA+ for senior unsecured debt obligations payable in New Zealand dollars and a credit rating of AA for unsecured debt obligations payable in other currencies.

For an explanation of each agency's credit rating scale see page 3.

Guarantees

As at the date the Board approved this Disclosure Statement, the payment obligations of Kiwibank have the benefit of certain guarantees: a deed poll guarantee by NZP (the "**NZP Guarantee**") and (in relation to the fixed rate bonds issued by Kiwibank on 20 October 2009) a New Zealand Crown deed of guarantee entered into by the New Zealand Government under the New Zealand wholesale funding guarantee scheme (the "**Crown Wholesale Guarantee**"). Details of each guarantee are set out below.

NZP Guarantee

NZP supports Kiwibank as a registered bank. By way of example, NZP has contracted with Kiwibank to offer banking services through NZP's existing retail network for an unlimited period.

All payment obligations (excluding any payment obligations, the terms of which expressly provide in writing that they do not have the benefit of the NZP Guarantee) of Kiwibank are guaranteed pursuant to the NZP Guarantee. The following is a summary of the features of the NZP Guarantee as at 30 September 2013:

- i. The address for service of NZP is: New Zealand Post House, Level 12, 7 Waterloo Quay, Wellington 6011, New Zealand.
- ii. NZP is not a member of the Banking Group (as that term is defined in the Order).
- iii. The NZP Guarantee is an unsecured guarantee of the payment obligations (excluding any payment obligations, the terms of which expressly provide in writing that they do not have the benefit of the NZP Guarantee) of Kiwibank. The NZP Guarantee can be terminated on not less than three months' notice being given to creditors (as that term is defined in the NZP Guarantee). Any such termination does not affect any existing payment obligations owed under the NZP Guarantee at the termination date. The NZP Guarantee has no expiry date.
- iv. There are no limits on the amount of the payment obligations guaranteed.
- v. There are no material conditions applying to the NZP Guarantee.

- vi. There are no material legislative or regulatory restrictions in New Zealand, which would have the effect of subordinating the claims under the NZP Guarantee of any of the creditors of Kiwibank on the assets of NZP, to other claims on NZP, in a winding up of NZP.

The net tangible assets of NZP were \$960m as recorded in NZP's most recent Annual Report for the financial year ended 30 June 2013. There were no qualifications in the audit report accompanying the Annual Report.

NZP has a credit rating applicable to its long term unsecured obligations payable in New Zealand, in New Zealand dollars, from S&P of A+, granted on 30 October 2012. On 21 May 2013 the outlook was revised to negative from stable. This credit rating is a one notch downgrade from NZP's previous rating of AA- granted on 29 November 2001. The AA- rating was reaffirmed on 29 June 2012 with the outlook negative.

For an explanation of S&P's credit rating scale see page 3.

Crown Wholesale Guarantee

On 1 November 2008 the New Zealand Government announced details of a wholesale funding guarantee facility (the "**Facility**") to investment-grade financial institutions that have substantial New Zealand borrowing and lending operations, giving institutions the ability to opt-in to the guarantee either by institution or by instrument. The credit ratings applicable to the New Zealand Crown are set out on page 3.

On 24 March 2009, Kiwibank was accepted into the scheme by the New Zealand Government.

On 30 April 2010 the Facility was withdrawn by the New Zealand Government. However, the Facility still applies in relation to fixed rate bonds with a face value of AUD\$250m issued by Kiwibank on 20 October 2009.

A guarantee fee was charged for each guarantee issued under the Facility, differentiated by the credit rating of the issuer and the term of the security being guaranteed. The maximum term of securities guaranteed is five years.

Guarantees continued

The following is a summary of the features of the Crown Wholesale Guarantee:

- i. The guarantor under the Crown Wholesale Guarantee is Her Majesty the Queen in right of New Zealand acting by and through the Minister of Finance (the “**Crown**”).
- ii. Any demand under the guarantee must be delivered by hand to the Minister of Finance, Parliament Buildings, Wellington, New Zealand with a copy to The Treasurer, The New Zealand Debt Management Office, 1 The Terrace, Wellington 6011, New Zealand.
- iii. The Crown guarantees the payment by Kiwibank of any liability of Kiwibank to pay principal and interest in respect of the debt securities for which the Crown has issued a Guarantee Eligibility Certificate (being the fixed rate bonds issued by Kiwibank on 20 October 2009 and maturing on 20 October 2014); and
- iv. Undertakes that if Kiwibank does not pay any such liability on the date on which it becomes due, the Crown shall within 5 business days of a demand being made in accordance with the Crown Wholesale Guarantee and following the expiry of any applicable grace period, pay such liability.
- v. The Crown Wholesale Guarantee does not extend to debt securities held by related parties. Related parties of Kiwibank include KGHl’s subsidiaries and NZP.

- vi. Additional information on the Crown Wholesale Guarantee scheme and the New Zealand Crown’s most recent audited financial statements are available, free of charge and at all reasonable times, on the New Zealand Treasury’s website: www.treasury.govt.nz/economy/guarantee/wholesale.
- vii. There are no material conditions applicable to the Crown Wholesale Guarantee.
- viii. The minimum Tier 1 capital ratio under the Crown Wholesale Guarantee is 6% of risk weighted exposures.
- ix. As at 30 September 2013 the Crown has the following credit ratings applicable to its long term obligations payable in New Zealand dollars:
 - Standard & Poor’s (Australia) Pty Limited AA+
 - Fitch Ratings Limited AA+
 - Moody’s Investors Services Aaa

During the two year period ended 30 September 2013 there were no changes in the above credit ratings. For an explanation of each agency’s credit rating scale see below.

All changes to Kiwibank’s credit rating in the two years preceding 30 September 2013 are described on page 2. The following table describes the steps in the applicable rating scales for each rating agency:

	Standard & Poor’s	Moody’s Investors Services	Fitch Ratings
Highest credit quality – ability to repay debt obligations is extremely strong	AAA	Aaa	AAA
High quality, low credit risk – ability to repay debt obligations is very strong	AA	Aa	AA
High quality – ability to repay is strong although may be susceptible to adverse changes in circumstances or in economic conditions	A	A	A
Low credit risk – satisfactory ability to repay debt obligations though changes in circumstances or in economic conditions are likely to impair this capacity	BBB	Baa	BBB
Ability to repay debt obligations is only adequate and likely to be affected by adverse economic change which might affect timeliness of repayment	BB	Ba	BB
Risk of default due to greater vulnerability	B	B	B
Significant risk of default. Repayment of debt obligations requires favourable financial conditions	CCC	Caa	CCC
Poor protection, highest risk of default	CC to C	Ca to C	CC to C
Obligations currently in default	D	-	RD to D

Credit ratings between AA – CCC by S&P and Fitch Ratings may be modified by the addition of a plus or minus sign (signalling higher and lower ends of the scale respectively). Moody’s Investor

Services applies numeric modifiers 1, 2 and 3 to each generic rating classification with a 1 indicating a higher rating and a 3 indicating a lower rating within that generic rating category.

Directors' statement

The directors of Kiwibank state that each director believes, after due enquiry, that:

1. As at the date on which the Disclosure Statement is signed:
 - i. the Disclosure Statement contains all the information that is required by the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order (No 2) 2013 ; and
 - ii. the Disclosure Statement is not false or misleading.
2. During the period ended 30 September 2013:
 - i. Kiwibank has complied with the conditions of registration applicable during the period, except as stated below;
 - ii. credit exposures to connected persons were not contrary to the interests of the Banking Group;
 - iii. Kiwibank had systems in place to monitor and control adequately the Banking Group's material risks, including credit risk, concentration of credit risk, interest rate risk, currency risk, equity risk, liquidity risk, operational risk and other business risks, and that those systems were being properly applied.

Since the resignation of Grant Paterson as a director on 18 June 2013, Kiwibank has not complied with condition 6(c) of its conditions of registration, which requires at least half of the board to be independent. A process is underway to rectify this non-compliance.

Signed by Rob Morrison and Alison Gerry as directors and responsible persons on behalf of all the directors listed in the Directorate of this Disclosure Statement:

Notes to the interim financial statements

1. Summary of significant accounting policies

1.1 Reporting entity

In these interim financial statements, the reporting entity is Kiwibank Limited (“**Kiwibank**” or the “**Bank**”). The “**Banking Group**” consists of Kiwibank and its subsidiaries. Kiwibank is a profit oriented entity incorporated and domiciled in New Zealand under the Companies Act 1993 and is registered as a bank under the Reserve Bank of New Zealand Act 1989.

The principal activity of the Banking Group is the provision of retail and banking products and services to individuals and small to medium-sized businesses.

Kiwibank’s immediate parent company is Kiwi Group Holdings Limited (“**KGHL**”), its ultimate parent company is New Zealand Post Limited (“**NZP**”) and the ultimate shareholder of Kiwibank is the New Zealand Crown (the “**Crown**”).

1.2 Basis of preparation

These interim financial statements are for the Banking Group for the three months ended 30 September 2013 and have been prepared in accordance with Generally Accepted Accounting Practice in New Zealand, as appropriate for profit oriented entities. They comply with NZ IAS 34 *Interim Financial Reporting*, IAS 34 *Interim Financial Reporting* and the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order (No 2) 2013 (the “**Order**”). These interim financial statements should be read in conjunction with the Banking Group’s financial statements for the year ended 30 June 2013, which comply with International Financial Reporting Standards (“**IFRS**”) as issued by the International Accounting Standards Board.

Measurement base

These interim financial statements are based on the general principles of historic cost accounting, modified by the application of fair value measurements for available-for-sale financial assets, financial instruments held at fair value through profit or loss and all derivative contracts. The carrying values of recognised assets and liabilities that are hedged items in fair value hedges, and otherwise carried at amortised cost, are adjusted to record changes in fair value attributable to the risks that are being hedged.

1.3 Accounting policies

The accounting policies adopted in the preparation of the interim financial statements are consistent with those followed in the preparation of the Banking Group’s annual financial statements for the year ended 30 June 2013, except for the adoption of new standards and interpretations effective as of 1 July 2013.

The Banking Group has applied, for the first time, the following new standards and amendments:

NZ IFRS 7 (Amendment) – *Financial Instruments: Disclosures – Offsetting Financial Assets and Financial Liabilities*;

NZ IFRS 10 – *Consolidated Financial Statements*;

NZ IFRS 11 – *Joint Arrangements*;

NZ IFRS 12 – *Disclosure of Interests in Other Entities*;

NZ IFRS 13 – *Fair Value Measurement*;

NZ IAS 27 – *Separate Financial Statements*; and

NZ IAS 28 – *Investments in Associates and Joint Ventures*.

The application of the above standards does not have a material effect on the financial results of the Banking Group.

1.4 Basis of consolidation

The consolidated interim financial statements of the Banking Group comprise the interim financial statements of Kiwibank and its subsidiaries for the period ended 30 September 2013, using the acquisition method. Subsidiaries are entities that are controlled by Kiwibank.

1.5 Functional and presentation currency

The functional and presentation currency of Kiwibank and the Banking Group is New Zealand dollars. All amounts are expressed in millions of New Zealand dollars, unless otherwise stated.

4. Term subordinated debt continued

The term subordinated debt issue is subordinate to all other general liabilities of the Banking Group and is denominated in New Zealand dollars. The issue carries a BB+ credit rating from S&P as at the reporting date.

As at 30 September 2013, \$108m of the term subordinated debt qualified as Tier 2 capital (at 30 September 2012: \$60m qualified as lower tier two capital; at 30 June 2013: \$168m qualified as Tier 2 capital) for Capital Adequacy calculation purposes.

The contractual terms of the term subordinated debt issue expressly provide that it does not have the benefit of a deed poll guarantee (the "NZZ Guarantee") provided by NZP. The debt is also not covered by the Crown Guarantee scheme.

Kiwibank has not had any defaults of principal, interest or other breaches with respect to these liabilities during the period (period ended 30 September 2012: none; year ended 30 June 2013: none).

In the event of the liquidation of Kiwibank, deposit holders will rank equally with all other creditors but ahead of subordinated debt holders and shareholders. In addition, all payment obligations of Kiwibank, excluding any payment obligations, the terms of which expressly provide that they do not have the benefit of the guarantee, are guaranteed under the NZP Guarantee.

The Kiwibank PIE Unit Trust (the "Trust"), established under the Unit Trusts Act 1960 in May 2008, operates three funds; the PIE Term Deposit Fund, the Notice Saver and PIE Online Call Fund. Kiwibank Investment Management Limited is the Issuer and Manager (the "Manager"), Trustees Executors Limited is the Trustee and Kiwibank is the Promoter of the Trust. Units in the

Trust do not directly represent deposits or liabilities of Kiwibank, however the Trust is invested exclusively in term and call deposits with Kiwibank. At 30 September 2013, \$3,498m of the Trust's funds were invested in Kiwibank products or securities (30 September 2012: \$3,124m; 30 June 2013: \$3,469m).

Kiwibank guarantees the payment obligations of the Manager and any amounts owing to Unitholders under the Trust Deed in respect of their Units and agrees to pay to Unitholders any shortfall between the amount they may receive on redeeming their Units or in the winding up of the Trust and the balance of their Unit Accounts.

NZP has a credit facility with the Banking Group, allowing NZP to draw down to the extent that the Banking Group does not exceed credit exposure to connected persons of 15% of Tier 1 capital, as required in its banking conditions of registration. When loans are drawn down the transaction is undertaken at market interest rates. As at 30 September 2013 the amount owed by NZP to the Banking

Group was \$76m (30 September 2012: \$57m; 30 June 2013: \$76m). This does not exceed the 15% of Tier 1 capital requirement.

The Crown has entered into a \$300m uncalled capital facility with NZP where NZP can drawdown capital for contingent events around Kiwibank's conditions of registration. The annualised cost of this facility on charged to Kiwibank by NZP is \$3.6m.

10. Fair value of financial instruments

Fair value estimation

Quoted market prices, when available, are used as the measure of fair value for financial instruments. However, for some of Kiwibank's financial instruments, quoted market prices do not exist. For such financial instruments, fair values presented are estimates derived using present value or other market accepted valuation techniques. These techniques involve uncertainties and are affected by the assumptions used and judgements made regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows, future expected loss experience and other factors. Changes in assumptions could significantly affect these estimates and the resulting fair values.

The fair value estimates were determined by application of the methods and assumptions described below.

Cash and cash equivalents

For cash assets, the carrying amount is equivalent to the fair value. For short term liquid assets, estimated fair values are based on quoted market prices.

Held for trading and available-for-sale securities

Estimates of fair value for both held for trading and available-for-sale securities are based on quoted market prices or determined using market accepted valuation models as appropriate (including discounted cash flow models) based on observable market quotes. These techniques address factors such as interest rates, credit risk and liquidity.

Debt securities issued

Debt securities issued classified at fair value through profit or loss are short term in nature. For such liabilities the carrying amounts approximate their fair value or it has been determined using discounted cash flow models as appropriate.

Loans and advances

For variable rate loans and advances, the carrying amount is a reasonable estimate of fair value. For fixed rate loans and advances, fair values have been estimated using a discounted cash flow model with reference to market interest rates, prepayment rates and rates of estimated credit losses.

Other financial assets and liabilities

For other financial assets and liabilities, the carrying amount is approximately equal to the fair value.

Deposits by customers

For fixed term deposits by customers, fair values have been estimated using a discounted cash flow model with reference to market interest rates. For other deposits by customers, the carrying amount is a reasonable estimate of fair value.

Impaired and past due assets

For non-accrual and restructured impaired assets as well as past due loans, fair value is estimated by discounting the expected future cash flows using current market interest rates incorporating an appropriate risk factor or, where such loans are collateralised and have been written down to the current market value of the collateral, the estimated fair value is based on the written down carrying value.

Derivative financial instruments

The fair values of exchange rate or interest rate contracts are obtained from quoted market prices, discounted cash flow models or option-pricing models as appropriate. Where such techniques are not appropriate, a cash basis has been adopted.

Fair value hierarchy

Kiwibank uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1:** Quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2:** Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and
- Level 3:** Techniques using inputs which have a significant effect on the recorded fair value and which are not based on observable market data.

Credit exposures to individual counterparties

Credit exposure concentrations are disclosed on the basis of actual credit exposures and gross of set-offs. Peak end-of-day aggregate credit exposures have been calculated using the Banking Group's Tier 1 capital at the end of the period.

There are no individual counterparties (excluding connected parties, governments and banks with long term credit ratings of A-, A3 or its equivalent or above), where the period end and peak end-of-day aggregate actual credit exposures, net of individual credit impairment allowances (which were nil), equalled or exceeded 10% of the Banking Group's shareholder equity as at the reporting date.

13. Fiduciary activities

Provision of financial services

Financial services provided by Kiwibank to entities which are involved in trust, custodial, funds management and other fiduciary activities, are provided at fair value, except that Kiwibank does not charge Kiwibank Investment Management Limited, the Manager of the Kiwibank PIE Unit Trust and the issuer and promoter of the Kiwibank KiwiSaver scheme, any bank fees. Further, the Kiwibank PIE Unit Trust bank account used for tax payments does not earn interest.

Insurance business

The Banking Group does not market or distribute its own insurance products.

Kiwi Covered Bond Trust

On 23 January 2013, the Kiwi Covered Bond Trust (the "**Covered Bond Trust**") was established to hold Kiwibank housing loans and to provide guarantees to certain debt securities issued by the Bank. Guarantees provided by the Covered Bond Trust have a prior claim over the assets of the Covered Bond Trust. On 19 February 2013, selected Kiwibank housing loans were transferred to the Covered Bond Trust in order to establish and facilitate the Bank's covered bond programme. These assets and liabilities do not qualify for derecognition as the Banking Group retains a continuing involvement and retains substantially all the risks and rewards of ownership of the transferred assets. The Covered Bond Trust is consolidated within the Banking Group.

Substantially all of the assets of the Covered Bond Trust comprise housing loans originated by the Bank and highly rated short-dated securities, together which are security for the guarantee of issuances of covered bonds by the Bank, provided by Kiwi Covered Bond Trustee Limited as Trustee of the Covered Bond Trust. The assets of the Covered Bond Trust are not available to creditors of the Bank, although the Bank (or its liquidator or statutory manager) may have a claim against the residual assets of the Covered Bond Trust (if any) after all prior ranking creditors of the Covered Bond Trust have been satisfied.

The carrying value and fair value of the Covered Bond Trust pool at 30 September 2013 is \$316m (30 September 2012: \$nil; 30 June 2013: \$316m). These securities are ring fenced to ensure they are not used as collateral outside of agreements established with the Covered Bond Trust.

Kiwibank RMBS Trust Series 2009-1

The purpose of the Kiwibank RMBS Trust Series 2009-1 (the "**RMBS Trust**") is to provide an in-house residential mortgage-backed securities facility to issue securities as collateral for borrowing from the Reserve Bank of New Zealand. As at 30 September 2013, included within loans and advances to customers on the Banking Group's consolidated balance sheet were housing loans with a carrying value of \$600m held by the RMBS Trust (30 September 2012: \$600m; 30 June 2013: \$600m). These housing loans do not qualify for derecognition by Kiwibank as the Bank retains substantially all of the risks and rewards of ownership. The RMBS Trust is consolidated within the Banking Group.

17. Contingent liabilities and loan commitments

In June 2013, a group called Fair Play on Fees announced plans for a representative action against banks in New Zealand in relation to certain default fees charged to New Zealand customers. On 13 November 2013, the group announced that the Bank will be next to have proceedings issued against it, although these have not yet been received. The nature and potential outcome of any proceedings cannot be determined with any certainty at this stage.

Other than the above, there are no material contingent liabilities as at 30 September 2013 (30 September 2012: nil; 30 June 2013: nil).

Capital adequacy

Kiwibank Limited (“**Kiwibank**” or the “**Bank**”) is subject to the capital adequacy requirements for registered banks as specified by the Reserve Bank of New Zealand (“**RBNZ**”). Following an internationally agreed framework (commonly known as Basel III) developed by the Basel committee on Banking supervision, the RBNZ has set minimum acceptable regulatory capital requirements and provided methods for estimating or measuring the risks incurred by the Bank. As a bank adopting a Standardised approach under the Basel III regime, Kiwibank applies the RBNZ’s BS12 – *Guidelines on a Bank’s Internal Capital Adequacy Assessment Process (“ICAAP”)* as a basis for estimating adequate prudential capital and BS2A – *Capital Adequacy Framework (Standardised Approach)* for calculating regulatory capital requirements. In accordance with changes to Kiwibank’s banking conditions of registration, Kiwibank applies the RBNZ’s Basel III framework which requires a strengthened and more conservative approach to capital adequacy.

Regulatory capital adequacy ratios are calculated by expressing capital as a percentage of risk weighted exposures. As a condition of registration, the Bank must comply with the following minimum capital requirements set by the RBNZ:

- Total capital ratio must not be less than 8.0% of risk weighted exposures.

- Tier 1 capital ratio must not be less than 6.0% of risk weighted exposures.
- The Common Equity Tier 1 capital ratio is not less than 4.5%.
- Capital of the Banking Group must not be less than NZ\$30m.

Regulatory capital

The Basel III standards for bank capital distinguish between Tier 1 and Tier 2 capital. Tier 1 capital is permanently and freely available to absorb losses without the bank being obliged to cease trading, while Tier 2 capital generally only absorbs losses in a winding up. Within Tier 1 capital, Common Equity (CET 1) has greater loss absorbing capability than the other Tier 1 instruments referred to as Additional Tier 1 (AT 1) capital.

Capital ratios are used to define minimum capital requirements for each of: Common Equity, Tier 1 capital (CET 1 plus AT 1), and Total capital (Tier 1 plus Tier 2), as a percentage of risk-weighted assets. From 1 January 2014, in addition to the minimum capital requirements, Basel III introduces a capital conservation buffer of 2.5% of risk-weighted assets. There are increasing constraints on capital distributions where a bank’s capital level falls within the buffer range. The following table shows the current capital ratio requirements and future conservation buffers (as a percentage of risk weighted assets).

	Common equity	Tier 1 capital	Total capital
RBNZ minimum ratios	4.5%	6.0%	8.0%
Conservation buffer from 1 January 2014	2.5%	2.5%	2.5%
RBNZ minimum ratio plus conservation buffer from 1 January	7.0%	8.5%	10.5%

Capital adequacy continued

The ordinary shares, which are fully paid, are included within Common Equity Tier 1 capital. The material terms and conditions of the ordinary shares are:

- a) each share contains a single right to vote;
- b) there are no redemption, conversion or capital repayment options/facilities;
- c) there is no predetermined dividend rate;
- d) there is no maturity date; and
- e) there are no options to be granted pursuant to any agreement.

The perpetual preference shares issued on 4 May 2010 are fully paid and are included within Additional Tier 1 capital. Their material terms and conditions are:

- a) each share has no voting rights;
- b) there are no redemption, conversion or capital repayment options/facilities;
- c) dividends are paid quarterly in arrears at the discretion of the directors;
- d) there is a predetermined dividend rate of 8.15% pa (which resets every 5 years);
- e) there is no maturity date;
- f) no provision has been made for a variation or suspension of dividend payments;
- g) there are no options to be granted pursuant to any agreement; and
- h) there are no dividends in arrears.

The \$150m perpetual preference shares are subject to grandfathering under the RBNZ's Basel III transitional arrangements.

The subordinated debt issue, which is fully paid, is included within Tier 2 capital. The issue is subordinate to all other general liabilities of the Banking Group and is denominated in New Zealand dollars. The material terms and conditions are:

\$150m subordinated debt issued 10 December 2012:

- a) the Subordinated Bonds constitute direct, unsecured, subordinated debt obligations of Kiwibank;
- b) the Subordinated Bonds pay interest at the Coupon Rate of 5.8% pa;
- c) interest will be paid in arrears in equal semi-annual instalments. Payments of interest are subject to Kiwibank and the Banking Group being able to satisfy the Solvency Test immediately following payment;

- d) the maturity date of the Subordinated Bonds is 15 December 2022. Kiwibank may redeem the Subordinated Bonds on the First Call Date (15 December 2017) and on any Interest Payment Date thereafter subject to Kiwibank and the Banking Group being able to satisfy the Solvency Test immediately following the payment; Kiwibank may also redeem the Subordinated Bonds at any time (including before the First Call Date) if a Regulatory Event or a Tax Event occurs; and
- e) the Subordinated Bonds are not guaranteed by any member of the Banking Group, Kiwibank's parent companies (including New Zealand Post), the Crown or by any other person.

Under the RBNZ's Basel III rules the \$150m term subordinated debt is subject to a loss absorbency haircut.

Risk exposures

Risk weighted exposures are derived by assigning risk weight percentages to certain material risk categories of exposures. These exposures are measured or estimated from: i) selected balance sheet assets; ii) off balance-sheet exposures and market contracts; and iii) business unit net income.

The Bank's current prudential capital requirements based on assessments of its material risk classes (commonly referred to as "Pillar I" risk classes under Basel III) can be summarised as follows:

- Credit risk – The vulnerability of the Banking Group's lending and investment portfolios to systemic counterparty default. The risk based capital allocation is computed based on RBNZ Standardised Approach Credit Risk methodology (BS2A).
- Market risk – The vulnerability of earnings to movements in interest rates and currency volatility. The risk based capital allocation is computed based on RBNZ Standardised Approach to Interest Rate Risk (BS2A).
- Operational risk – The risk of loss, resulting from inadequate or failed internal processes (including legal risks), people and systems and from external events. The risk based capital allocation is computed based on RBNZ Standardised Approach to Operational Risk methodology (BS2A).

Kiwibank's Board is ultimately responsible for capital adequacy and approves capital plans and establishes minimum internal capital levels and limits. These are typically higher than the regulatory minimum.

The capital adequacy tables set out on pages 21 to 23 summarise the composition of regulatory capital and capital adequacy ratios for the period ended 30 September 2013. Throughout the period Kiwibank and the Banking Group complied with both regulatory and internal capital adequacy requirements.

Total	12,705	258	12,963	

The LVR classification above is calculated in line with the Bank's Pillar I capital requirement, which includes capital relief for "Welcome Home" loans that are guaranteed by the New Zealand Crown. Loans with an LVR greater than 80% are presented after the mitigation of credit risk from third party lenders' mortgage insurance, where applicable.

At 30 September 2013, of the loans with an LVR greater than 80%, \$483m relates to "Welcome Home" loans, whose credit risk is mitigated by the New Zealand Crown. Of the remaining loans with an LVR greater than 80%, Kiwibank uses lenders' mortgage insurance on selected loans.

Other material risk (Pillar II)

The Basel III capital adequacy regime intends to ensure that banks have adequate capital to support all material risk inherent in their business activities. Consequently, banks are required to maintain an ICAAP for assessing overall capital adequacy in relation to their risk profile. Kiwibank's ICAAP methodology requires it to hold capital against the following "other material risks" (Pillar II risks), including:

- Earnings risk – The current or prospective risk to earnings and growth targets arising from changes in the business environment and from adverse business decisions, improper implementation of decisions or lack of responsiveness to changes in the business environment.
- Access to capital – The risk to the Banking Group's earnings and business objectives arising from an imbalanced internal capital structure in relation to the nature and size of the Bank, or from difficulties with raising additional capital in a timely manner.
- Other risks – Including reputation risk, strategic risk and liquidity risk.

The Bank has made an internal capital allocation of \$46m (30 June 2013: \$46m). The other material risks identified by the Bank include regulatory environment risk, reputational risk, systems risk and liquidity risk.

Conditions of registration

The conditions of registration imposed on Kiwibank Limited by the Reserve Bank of New Zealand pursuant to section 74 of the Reserve Bank of New Zealand Act 1989, which were applicable as at 30 September 2013, are as follows:

Conditions of registration as from 30 June 2013 – Kiwibank Limited

The registration of Kiwibank Limited (the “Bank”) as a registered bank is subject to the following conditions:

1. That -

- a) the Total capital ratio of the Banking Group is not less than 8 percent;
- b) the Tier 1 capital ratio of the Banking Group is not less than 6 percent;
- c) the Common Equity Tier 1 capital ratio of the Banking Group is not less than 4.5 percent; and
- d) the Total capital of the Banking Group is not less than \$30 million.
- e) the process in Subpart 2H of the Reserve Bank of New Zealand document: “Capital Adequacy Framework (Standardised Approach)” (BS2A) dated March 2013 is followed for the recognition and repayment of capital.

For the purposes of this condition of registration, capital, the Total capital ratio, the Tier 1 capital ratio, and the Common Equity Tier 1 capital ratio must be calculated in accordance with the Reserve Bank of New Zealand document: “Capital Adequacy Framework (Standardised Approach)” (BS2A) dated March 2013.

1A. That –

- a) the Bank has an internal capital adequacy assessment process (“ICAAP”) that accords with the requirements set out in the document “Guidelines on a bank’s internal capital adequacy assessment process (‘ICAAP’)” (BS12) dated December 2007;
- b) under its ICAAP, the Bank identifies and measures its “other material risks” defined as all material risks of the Banking Group that are not explicitly captured in the calculation of the Common Equity Tier 1 capital ratio, the Tier 1 capital ratio and the Total capital ratio under the requirements set out in the document “Capital Adequacy Framework (Standardised Approach)” (BS2A) dated March 2013; and
- c) the Bank determines an internal capital allocation for each identified and measured “other material risk”.

1B. That, if the buffer ratio of the Banking Group is 2.5% or less, the Bank must:

- a) according to the following table, limit the aggregate distributions of the Bank’s earnings to the percentage limit to distributions that corresponds to the Banking Group’s buffer ratio:

Banking Group’s buffer ratio	Percentage limit to distributions of the Bank’s earnings
0% – 0.625%	0%
>0.625 – 1.25%	20%
>1.25 – 1.875%	40%
>1.875 – 2.5%	60%

- b) prepare a capital plan to restore the Banking Group’s buffer ratio to above 2.5% within any timeframe determined by the Reserve Bank for restoring the buffer ratio; and
- c) have the capital plan approved by the Reserve Bank

For the purpose of this condition of registration,-

“buffer ratio”, “distributions”, and “earnings” have the same meaning as in Part 3 of the Reserve Bank of New Zealand document: “Capital Adequacy Framework (Standardised Approach)” (BS2A) dated March 2013.

This condition of registration applies on and after 1 January 2014.

2. That the Banking Group does not conduct any non-financial activities that in aggregate are material relative to its total activities.

In this condition of registration, the meaning of “material” is based on generally accepted accounting practice.

3. That the Banking Group’s insurance business is not greater than 1% of its total consolidated assets.

For the purposes of this condition of registration, the Banking Group’s insurance business is the sum of the following amounts for entities in the Banking Group:

- a) if the business of an entity predominantly consists of insurance business and the entity is not a subsidiary of another entity in the Banking Group whose business predominantly consists of insurance business, the amount of the insurance business to sum is the total consolidated assets of the group headed by the entity; and
- b) if the entity conducts insurance business and its business does not predominantly consist of insurance business and the entity is not a subsidiary of another entity in the Banking Group whose business predominantly consists of insurance business, the amount of the insurance business to sum is the total liabilities relating to the entity’s insurance business plus the equity retained by the entity to meet the solvency or financial soundness needs of its insurance business.

In determining the total amount of the Banking Group’s insurance business –

- a) all amounts must relate to on balance sheet items only, and must comply with generally accepted accounting practice; and
- b) if products or assets of which an insurance business is comprised also contain a non-insurance component, the whole of such products or assets must be considered part of the insurance business.

Conditions of registration continued

For the purposes of this condition of registration, -

“insurance business” means the undertaking or assumption of liability as an insurer under a contract of insurance:

“insurer” and “contract of insurance” have the same meaning as provided in sections 6 and 7 of the Insurance (Prudential Supervision) Act 2010.

4. That aggregate credit exposures (of a non-capital nature and net of any allowances for impairment) of the Banking Group to all connected persons do not exceed the rating-contingent limit outlined in the following matrix:

Credit Rating of the Bank ¹	Connected exposure limit (% of the Banking Group's Tier 1 capital)
AA/Aa2 and above	75
AA-/Aa3	70
A+/A1	60
A/A2	40
A-/A3	30
BBB+/Baa1 and below	15

Within the rating-contingent limit, credit exposures (of a non-capital nature and net of any allowances for impairment) to non-Bank connected persons shall not exceed 15 per cent of the Banking Group's Tier 1 capital.

For the purposes of this condition of registration, compliance with the rating-contingent connected exposure limit is determined in accordance with the Reserve Bank of New Zealand document entitled “Connected exposure policy” (BS8) dated March 2013.

5. That exposures to connected persons are not on more favourable terms (e.g. as relates to such matters as credit assessment, tenor, interest rates, amortisation schedules and requirement for collateral) than corresponding exposures to non-connected persons.
6. That the Bank complies with the following corporate governance requirements:
- the board of the Bank must have at least five directors;
 - the majority of the board members must be non-executive directors;
 - at least half of the board members must be independent directors;
 - an alternate director, -
 - for a non-executive director must be non-executive; and
 - for an independent director must be independent;
 - at least half of the independent directors of the Bank must be ordinarily resident in New Zealand;
 - the chairperson of the board of the Bank must be independent; and

- the Bank's constitution must not include any provision permitting a director, when exercising powers or performing duties as a director, to act other than in what he or she believes is the best interests of the company (i.e. the Bank).

For the purposes of this condition of registration, “non-executive” and “independent” have the same meaning as in the Reserve Bank of New Zealand document entitled “Corporate Governance” (BS14) dated March 2011.

7. That no appointment of any director, chief executive officer, or executive who reports or is accountable directly to the chief executive officer, is made in respect of the Bank unless:
- the Reserve Bank has been supplied with a copy of the curriculum vitae of the proposed appointee; and
 - the Reserve Bank has advised that it has no objection to that appointment.
8. That a person must not be appointed as chairperson of the board of the Bank unless:
- the Reserve Bank has been supplied with a copy of the curriculum vitae of the proposed appointee; and
 - the Reserve Bank has advised that it has no objection to that appointment.
9. That the Bank has a board audit committee, or other separate board committee covering audit matters, that meets the following requirements:
- the mandate of the committee must include: ensuring the integrity of the Bank's financial controls, reporting systems and internal audit standards;
 - the committee must have at least three members;
 - every member of the committee must be a non-executive director of the Bank;
 - the majority of the members of the committee must be independent; and
 - the chairperson of the committee must be independent and must not be the chairperson of the Bank.

For the purposes of this condition of registration, “non-executive” and “independent” have the same meaning as in the Reserve Bank of New Zealand document entitled “Corporate Governance” (BS14) dated March 2011.

10. That a substantial proportion of the Bank's business is conducted in and from New Zealand.
11. That the Bank has legal and practical ability to control and execute any business, and any functions relating to any business, of the Bank that are carried on by a person other than the Bank, sufficient to achieve, under normal business conditions and in the event of stress or failure of the Bank or of a service provider to the Bank, the following outcomes:
- that the Bank's clearing and settlement obligations due on a day can be met on that day;
 - that the Bank's financial risk positions on a day can be identified on that day;

¹ This table uses the rating scales of Standard & Poor's, Fitch Ratings and Moody's Investors Service. (Fitch Ratings' scale is identical to Standard & Poor's.)

Conditions of registration continued

- c) that the Bank's financial risk positions can be monitored and managed on the day following any failure and on subsequent days; and
- d) that the Bank's existing customers can be given access to payments facilities on the day following any failure and on subsequent days.
- For the purposes of this condition of registration, the term "legal and practical ability to control and execute" is explained in the Reserve Bank of New Zealand document entitled "Outsourcing Policy" (BS11) dated January 2006.
12. That:
- the business and affairs of the Bank are managed by, or under the direction or supervision of, the board of the Bank;
 - the employment contract of the chief executive officer of the Bank or person in an equivalent position (together "CEO") is with the Bank, and the terms and conditions of the CEO's employment agreement are determined by, and any decisions relating to the employment or termination of employment of the CEO are made by, the board of the Bank; and
 - all staff employed by the Bank shall have their remuneration determined by (or under the delegated authority of) the board or the CEO of the Bank and be accountable (directly or indirectly) to the CEO of the Bank.
13. That the Banking Group complies with the following quantitative requirements for liquidity-risk management:
- the one-week mismatch ratio of the Banking Group is not less than zero per cent at the end of each business day;
 - the one-month mismatch ratio of the Banking Group is not less than zero per cent at the end of each business day; and
 - the one-year core funding ratio of the Banking Group is not less than 75 per cent at the end of each business day.
- For the purposes of this condition of registration, the ratios identified must be calculated in accordance with the Reserve Bank of New Zealand documents entitled "Liquidity Policy" (BS13) dated March 2011 and "Liquidity Policy Annex: Liquid Assets" (BS13A) dated December 2011.
14. That the Bank has an internal framework for liquidity risk management that is adequate in the Bank's view for managing the Bank's liquidity risk at a prudent level, and that, in particular:
- is clearly documented and communicated to all those in the organisation with responsibility for managing liquidity and liquidity risk;
 - identifies responsibility for approval, oversight and implementation of the framework and policies for liquidity risk management;
 - identifies the principal methods that the Bank will use for measuring, monitoring and controlling liquidity risk; and
- d) considers the material sources of stress that the Bank might face, and prepares the Bank to manage stress through a contingency funding plan.
15. That no more than 10% of total assets may be beneficially owned by a SPV.
- For the purposes of this condition, –
- "total assets" means all assets of the Banking Group plus any assets held by any SPV that are not included in the Banking Group's assets:
- "SPV" means a person –
- to whom any member of the Banking Group has sold, assigned, or otherwise transferred any asset;
 - who has granted, or may grant, a security interest in its assets for the benefit of any holder of any covered bond; and
 - who carries on no other business except for that necessary or incidental to guarantee the obligations of any member of the Banking Group under a covered bond.
- "covered bond" means a debt security issued by any member of the Banking Group, for which repayment to holders is guaranteed by a SPV, and investors retain an unsecured claim on the issuer.
16. That:
- no member of the Banking Group may give effect to a qualifying acquisition or business combination that meets the notification threshold, and does not meet the non-objection threshold, unless:
 - the Bank has notified the Reserve Bank in writing of the intended acquisition or business combination and at least 10 working days have passed; and
 - at the time of notifying the Reserve Bank of the intended acquisition or business combination, the Bank provided the Reserve Bank with the information required under the Reserve Bank of New Zealand Banking Supervision Handbook document "Significant Acquisitions Policy" (BS15) dated December 2011; and
 - no member of the Banking Group may give effect to a qualifying acquisition or business combination that meets the non-objection threshold unless:
 - the Bank has notified the Reserve Bank in writing of the intended acquisition or business combination;
 - at the time of notifying the Reserve Bank of the intended acquisition or business combination, the Bank provided the Reserve Bank with the information required under the Reserve Bank of New Zealand Banking Supervision Handbook document "Significant Acquisitions Policy" (BS15) dated December 2011; and
 - the Reserve Bank has given the Bank a notice of non-objection to the significant acquisition or business combination.

Conditions of registration continued

For the purposes of this condition of registration, “qualifying acquisition or business combination”, “notification threshold” and “non-objection threshold” have the same meaning as in the Reserve Bank of New Zealand Banking Supervision Handbook document “Significant Acquisitions Policy” (BS15) dated December 2011.

17. That the bank is pre-positioned for Open Bank Resolution and in accordance with a direction from the Reserve Bank, the registered bank can -
 - a) close promptly at any time of the day and on any day of the week and that effective upon the appointment of the statutory manager -
 - (i) all liabilities are frozen in full; and
 - (ii) no further access by customers and counterparties to their accounts (deposits, liabilities or other obligations) is possible;
 - b) apply a de minimis to relevant customer accounts;
 - c) apply a partial freeze to the customer liability account balances;
 - d) reopen by no later than 9am the next business day following the appointment of a statutory manager and provide customers access to their unfrozen funds;
 - e) maintain a full freeze on liabilities not pre-positioned for open bank resolution; and
 - f) reinstate customers’ access to some or all of their residual frozen funds.
18. That the bank has an Implementation Plan that -
 - a) is up-to-date; and
 - b) demonstrates that the bank’s pre-positioning for Open Bank Resolution meets the requirements set out in the Reserve Bank document: “Open Bank Resolution Pre-positioning Requirements Policy” (BS17).
19. That the bank has a compendium of liabilities that -
 - a) at the product-class level lists all liabilities, indicating which are –
 - (i) pre-positioned for Open Bank Resolution; and
 - (ii) not pre-positioned for Open Bank Resolution;
 - b) is agreed by the Reserve Bank; and
 - c) if the Reserve Bank’s agreement is conditional, meets the Reserve Banks conditions.
20. That on an annual basis the bank tests all the component parts of its Open Bank Resolution solution that demonstrates the bank’s prepositioning for Open Bank Resolution as specified in the Bank’s Implementation Plan.

For the purposes of this condition of registration, “de minimis”, “partial freeze”, “customer liability account”, “frozen and unfrozen funds”, “Implementation Plan”, “compendium of liabilities”, and “pre-positioned and non pre-positioned liabilities” have the same meaning as in the Reserve Bank of New Zealand document entitled “Open Bank Resolution (OBR) Pre-positioning Requirements Policy” (BS17) dated June 2013.

In these conditions of registration, -

“Banking Group” means Kiwibank Limited’s financial reporting group (as defined in section 2(1) of the Financial Reporting Act 1993);

“generally accepted accounting practice” has the same meaning as in section 2 of the Financial Reporting Act 1993.

Amendments to conditions of registration

There have been no changes to the Bank’s conditions of registration from those which were in effect on 30 June 2013.

The RBNZ has issued revised conditions of registration which are effective from 1 October 2013. The revised conditions of registration include new conditions restricting high loan-to-valuation residential mortgage lending and clarify various aspects of the RBNZ’s implementation of the Basel III capital standards.

Non-compliance with conditions of registration

Since the resignation of Grant Paterson as a director on 18 June 2013, Kiwibank has not been in compliance with condition of registration 6 (c). The Reserve Bank were notified immediately and are considering whether they will take any action against the Bank.

A process is underway to rectify this non-compliance.
